About Me

👋 I am a creative and dedicated individual with a passion for continuous learning and skill development. I chose to study Computer Science because I believe programming is a powerful skill, enabling us to understand how technology functions around the world. In my spare time, I stay informed about new technological advancements and I am enthusiastic about what the future holds in this field.

Experience

🔧 Ex-Senior, IT Department at Business Organization for Students 📍 2022 - 2024 | Bucharest, Romania

- As a junior, I collaborated with other members to build a website from scratch. Our senior members created a web application that served as a guide, providing all the information we needed to develop a complete website, covering both frontend and backend aspects.
- As a senior, I had the opportunity to work on the official BOS website. I also helped recruit new members and guided them on their own project, where I developed my own webpage as part of the site.

Education

🎓 University Of Economic Studies from Bucharest

🌐 **Applied Data Analytics: 2025 - 2027 (Master's degree)**

🌐 **Informatics Economics: 2021 - 2024 (Bachelor's degree)**

📖 I studied Informatics and Economics at the University of Economic Studies in Bucharest. Now, I am seeking a role where I can put to use and continue improving the knowledge I have acquired over the years.

👨‍💻 I have worked with a wide range of technologies: JavaScript, Java, Python, PHP, SQL, C, C++, C#, Assembly, and Bash. I am still looking forward to specializing in one of them, as I'm still exploring to find the best fit for me.

🎓 The Mircea Eliade Theoretical High School
